MISSING ACTOR IS SEEN

IS CLAIMED THAT HITCHCOCK WENT TO NORTH ADAMS, MASSACHUSETTS.

WAS IN THE COMPANY TWO MEN

The Belief Now Is That His Flight Was Planned and That His Wife Knows of His Presence: Whereabouts.

North Adams, Mass., Nov. 1.—Raymond Hitchcock, the actor, wanted in New York to answer serious charges, arrived in this city Wednesday afternoon by train from New York. He was accompanied by two men companions.

The conductor on the train said that they took the Harlem train at 8:45 o'clock Wednesday morning. They asked the quickest route to Manchester, N. H., or Rutland, Vt., and when advised by the conductor to take a trolley to Bennington they did this at once.

A Girl Witness Missing, Too. New York, Nov. 1.—Every clue is being run down to capture Raymond Hitchcock, the actor. Search is also being made by the Children's society and police for Della Mackenzie, one of the girls whose stories resulted in Hitchcock's indictment.

An agent of the Children's society said today that the girl had disappeared from her home October 11, and had been seen in the company of the actor shortly before his disappearance.

Hitchcock Bound for Canada.

Boston, Nov. 1.—Advice received from various sections of New England tend to show that Hitchcock, the comedian, is bound for Canada, if he has not already crossed the boundary line.

It is asserted that Hitchcock left Rutland, Vt., last night, for Montreal.

Was Flight Planned?

New York, Nov. 1.—As showing that the actor's flight was planned and premeditated, an incident witnessed in the Hotel Astor Tuesday night is significant. Hitchcock and his wife sat at a table in the hotel cafe after the performance.

It was noticed that they were discussing some question very earnestly and that both seemed excited. At times Mrs. Hitchcock was seen to wipe the tears from her eyes.

They exchanged several papers, after carefully examining them, and during the conversation Hitchcock frequently patted his wife on the back and on her hands, as if reassuring and encouraging her. About 1 o'clock they left the hotel.

A SUIT FOR \$25,000

Was Filed Today Against the Light and Traction Company.

Miss Ina Denny, a 19-year-old girl who makes her home with Mrs. Wright, residing on Sixth street, through Attorneys W. D. Steele and Mark Gruber, filed suit for \$25,000 damages against the Sedalia Light and Traction company in the Pettis county circuit court this afternoon, for injuries alleged to have been received at the hands of defendant's employees.

According to the petition, Miss Denny was riding north on Ohio avenue on one of defendant's street cars, in August, intending to alight at Sixth and Ohio avenue. She alleges she rang the bell before she reached Sixth street, but the motorman paid no attention and the car passed the street.

Again Miss Denny rang the bell to alight at Fifth street, when the Motorman stopped in front of the Bard Drug company's store.

Just as the plaintiff was preparing to step on the ground, so the petition states, the motorman started the car, violently throwing plaintiff to the brick pavement and almost under the feet of a horse hitched to a passing vehicle.

Plaintiff was rendered unconscious and seriously injured by the fall and was removed to the drug company's store, where she was attended. For a number of days she was compelled to have the attendance of two physicians, by reason of which she asks for the above amount of damages.

Held on a \$500 Bond

H. A. Weikel was arraigned for a preliminary examination in Judge Clark's court today, charged with forging two checks, amounting to over \$15, on Blockberger & Buske and Dan Byard. He pleaded guilty to the charge and was held to the criminal court. In default of a \$500 bond he was remanded to jail.

Took His Wife by Force.

Reuben Holmes was arrested last night, charged with forcibly taking his wife from her mother's residence to his own place of abode. Attorney Lynch was employed to defend him, and at his request Judge Clark today granted a continuance in the case until November 6.

SUIT FOR \$2000 DAMAGE

THE PLAINTIFF AND DEFEND. AND ARE RESIDENTS OF HOUSTONIA.

IN FACT, THEY'RE RIVAL BUTCHERS

Alleged That Morgan Pummell Circulated False Reports Regarding a Competitor in Business.

A suit involving some of the best known and most prominent residents of Houstonia was filed by Attorney W. D. Steele in the Pettis county circuit court shortly before 5 o'clock yesterday afternoon.

The plaintiffs in the case are M. T. Cook, H. C. and D. S. Brown, well known butchers of Houstonia, against Morgan Pummell, another well known butcher of the same place.

According to the allegations in the petition, the plaintiffs on Oct. 2, last, killed a fine beef and prepared the meat for sale. They commanded a liberal patronage at the hands of the meat-eaters of Houstonia, but, strange to say, were positively unable to sell any of the meat after a 40-cent roast had been sold.

The purchaser of this piece of beef returned it to the shop, claiming he could not eat it. After enduring this state of affairs for several days the members of the firm began to investigate, to learn why such a fine beef as the one killed could not be sold. Also to learn why their patronage had begun to fall off.

According to the petition, plaintiffs learned that Mr. Pummell, who it is claimed, was doing much less business than his rivals, had circulated broadcast the report that the plaintiffs had killed and were offering for sale a diseased and lump-jawed cow.

Friends of the plaintiffs, the petition states, verified the reports about Mr. Pummell's remarks, and yesterday the Messrs. Cook and Brown began proceedings in court, asking for \$1,000 actual and \$1,000 exemplary damages for injuries sustained by Mr. Pummell's reputation.

Plaintiffs state that by reason of the false reports circulated by the defendant they were compelled to throw away a quantity of good meat, which otherwise they would have been able to sell.

KNOXVILLE SALOONS CLOSED

City Reincorporated Without Whisky Selling Privileges.

Knoxville, Tenn., Nov. 1.—More than 100 saloons closed their doors in Knoxville last night. Knoxville reincorporated without saloons last March. The city is quiet.

This leaves only three communities in Tennessee where the sale of intoxicants is permitted—Memphis, Chattanooga and Nashville.

Plans for the New Church.

Rev. Fr. B. R. McNamee yesterday received the plans for the erection of the new \$20,000 church for St. Patrick's parish on East Fourth street. Bids on the work will be advertised for in a few days. Oscar Knecht, of Kansas City, drew the plans.

Death of Mrs. J. C. Baird.

Frank P. Baird, accompanied by his daughter, Mrs. Pearl Baird Poteet, returned last night from Moberly, where, Wednesday, he attended the funeral of his mother, Mrs. J. C. Baird, who died Tuesday, aged 73 years.

A BURGLAR WAS SHOT AT

ATTEMPTED TO ENTER A RAILROAD MAN'S RESIDENCE LAST NIGHT.

SECOND HIEF ACTED AS LOOKOUT

Money Had Been Secreted in the Home, Which Fact Became Known to the Would-Be Robbers in Very Short Time.

Two shots were fired by a well-known railroad man, living east of the M. K. & T. tracks, shortly after midnight, at one of two thieves who were endeavoring to gain an entrance to the dwelling, but the fact was not reported at police headquarters, as the family desired to avoid newspaper notoriety.

The head of the house, who works at the Missouri Pacific shops, was awakened by a noise at a rear window, and in the darkness he arose to investigate, when the form of a man was seen on the porch, but whether white or black could not be distinguished.

Hastily going into another room after a revolver, the shopman returned to the kitchen, but in his haste he ran into a chair, making considerable noise, which frightened the would-be burglar, who beat a hasty retreat.

The shopman stepped out on the porch and fired two shots at the fleeing man, who an instant later was joined by a second man, the latter no doubt having been stationed as a "lookout" in the event anyone came along, and the pair were soon lost to view as they ran east on the street, it being evident that the two bullets had gone wide of their mark.

There was secreted in the house something over \$100, which fact was likely known to the thieves, and they were after the money.

People who secret their hard-earned wages in their homes these days soon become known to crooks, and no one need be surprised if the midnight prowler materializes at such places of abode.

MEAT PRICES SLIGHTLY UP

Only Minor Changes Quoted in the Wholesale Market.

Wholesale prices of dressed beef and pork quoted by Kansas City packers show only slight changes today from the prices of yesterday, although prices of live stock are a little higher than yesterday, says Thursday's Kansas City Times.

On beef cuts Swift & Company made an advance of 1/4 to 1/2 cent a pound on No. 2 cuts, today's prices for No. 2 being 13 1/2 cents for ribs, 15 1/2 cents for loins, 6 cents for chuck and 8 1/2 cents for rounds. No. 1 and No. 3 cuts selling at yesterday's figures.

Pork loins are quoted today at 13 1/2 cents, or 1 cent above yesterday's prices, other pork cuts selling at an advance of about 1/4 cent.

Packers and live stock men regard the stagnation of the live stock market for the first three days of the week as only temporary.

RABBI GODSHAW IS HERE

He Will Lecture in Sedalia at 8 O'clock Tonight.

Rabbi Alfred T. Godshaw, national field officer for the Union of American Jewish Congregations, with headquarters in Cincinnati, is in Sedalia to meet the members of the local congregation.

This organization is a federation of the leading congregations in the country, united for the purpose of educating ministers and doing missionary work. Rabbi Godshaw has visited all parts of the country in the course of his work and will speak on his interesting experiences.

A meeting has been arranged for this evening at 8 o'clock at the Masons' former hall, Fourth and Ohio streets, where he will give an address.

Will Sail Tomorrow.

Dr. Guy Tittsworth, who is en route to Vienna, Austria, to enter the Austrian university for a year's course in the treatment of the eye, ear, nose and throat, is in New York today and sails from there tomorrow, according to a postal received by the Democrat-Sentinel today.

Former Pettis County Man.

W. H. Hull, a former citizen of Lamonte and for ten years the popular agent for the Missouri Pacific at that place, but who left there eight years ago and went to Carlsbad, New Mexico, is visiting friends in the county, and was in this city today. Harper is now engaged in the real estate business and is prospering.

She Stole a Cook Stove.

Nora Reynolds, a negro, convicted of stealing a cook stove from Rachael Robinson, also colored, was given three days in jail by Judge Leaning today. The girl did not know she was committing a crime, so Judge Leaning says, hence the light sentence.

SPEAKS TO AMERICANS

SECRETARY TAFT TALKS BEFORE THE QUILL CLUB AT MANILA.

SAYS ALL MUST WORK TOGETHER

Deprecates the Formation of American Leagues in the Philippines as Tending to Destroy Existing Harmony.

Manila, Nov. 1.—Secretary Taft returned to Manila yesterday and in the evening attended a banquet given in his honor by the Quill club, which is composed entirely of Americans.

In his address he told the members of the club that the Americans in the islands must help the Filipino people to secure prosperity, and reiterated his previous statement regarding the necessity for Filipino prosperity to be assured before other commercial interests could prosper. He deprecated the formation of the proposed American league, or any association likely to disturb the amity now existing between the Filipinos and the Americans and said he strongly desired to tell congress that the people here were a unit on all subjects relating to the welfare of the islands.

Secretary Taft has decided to adhere to his original program, and will not leave here until Nov. 9, as there is important business yet to be settled. It has been decided also that Major General Wood will remain in the Philippines until February, 1908.

HELD CABINET MEETING

Say That Financial Condition is Now All Right and Needs No Action.

Washington, Nov. 1.—The president was in consultation with the cabinet three hours today. The financial situation was discussed, but it is stated that the satisfactory conditions at the present moment warranted no new action. Secretary Garfield said that the federal appointments for the new state of Oklahoma had nearly all been decided upon.

ELECTROCUTED AT MIDNIGHT

Murderer of Girl He Wronged Expiares His Crime.

Columbus, O., Nov. 1.—Royal Fowler, of Dayton, who killed his sweetheart, Mary Hagerty, more than a year ago, was electrocuted in the annex at the Ohio penitentiary a few minutes past midnight.

Will Repair the Bridge.

Thomas Glenn, a farmer, was arrested today, charged with running a threshing machine over a country bridge between this city and Flat creek several weeks ago. He pleaded guilty to the charge and was fined \$1 and costs, after he had promised to repair the bridge, which was damaged to the extent of \$9.95.

Mr. Kullman No. So Well.

A. K. Kullman who has been quite ill with erysipelas and a complication of diseases for several days, is not so well today, and his condition is extremely critical.

On a Four Days' Hunt.

Sam Walker and son, Roy, accompanied by "Buck" Harris, left this morning for California, Mo., to join a hunting party and be absent four days.

HIGH PRICES MUST FALL

MR. ARMOUR, THE PACKER, SAYS PRESENT VALUES ARE UNNATURAL.

ALL HAVE BEEN LIVING TOO FAST

Meat Prices Must Come Down, and Country Will Be Benefited When Natural Conditions Once More Prevail.

Kansas City, Mo., Nov. 1.—"We have been enjoying just a little bit too much prosperity, or, in other words, the American people have been living too fast—too high. The prices of all commodities have been pushed up and beyond conservative values, and as a result a reaction has set in. The necessities of life are now held at too great a price and must seek a lower level. Restrictions on trade will follow and the merchant dealing in necessities of life will continue to enjoy a prosperous business, but those who are dealing in luxuries will suffer a relapse. In fact, the time has arrived for us to curtail our living expenses and keep within our income. Live stock and meat values must gradually work lower. The top price has been reached on all commodities, and when the prices work back to where they belong, the country in general will be benefited."

The above statement was made yesterday by C. W. Armour, president of the Armour Packing Co., in Kansas City, in discussing the present financial flurry and the causes leading up to the same. Mr. Armour said there was no occasion for alarm, that the country was in good shape, and gradually prices on all commodities will be readjusted and lowered to where they belong.

Asked as to whether or not his company had made any reduction in the force at the local plant Mr. Armour said that no unusual reduction had been made.

"Practically all the labor employed by us," continued Mr. Armour, "is hired by the hour, and when we have no need for the men we simply don't use them. The receipts at the local yards have fallen off materially, and unless we can buy the live stock we can't kill. Owing to unsettled conditions, there have not been as large shipments to the local market during the past week as have been customary, and as a natural result we have not been killing our usual amount of cattle and hogs. This same condition, however, has frequently existed before. As to reported fluctuations in the price of meats during the past week, there was nothing startling or unusual, as these values are constantly changing, but not to any material extent. You will find, if you follow the markets of the world closely, that they are regulated by supply and demand, regardless of any and all speculations."

In speaking of the probable effect of existing conditions on future employment of labor, Mr. Armour said it was his belief that there would not be as big a demand for labor, common and skilled, this winter as there had been in the past few years.

"When we curtail in our living expenses then the demand for things not necessary to every day life weakens, hence the stopping of the manufacturing of these things," said he.

BRIDGE GIVES DOWN

New Structure in Philippine Islands Collapsed, Injuring Many.

Manila, Nov. 1.—The new railroad bridge over the Pasig river, near Fort McKinley has collapsed, owing to the breaking of the superstructure. Sixty workmen were precipitated into the river, and three American and twenty Filipino were injured.

The damage will reach \$100,000.

Burial of James Burton.

The last sad rites over the remains of James Burton, who died at the city hospital, were conducted by Rev. J. B. Fuller at the chapel of the Sedalia Undertaking company at 9:30 o'clock this morning. Four friends of the dead man acted as pallbearers and escorted the body to its final resting place in the city cemetery.

"Jim," as he was familiarly known, was liked by every acquaintance and never had an enemy. His last cent was his friend's money if the latter desired, and all who knew him learned of his death with sorrow.

Coming to America Soon.

Special to the Democrat-Sentinel.
New York, Nov. 1.—Daniel Frohman, who first brought Jan Kubelik, the celebrated violinist, to America, announces that Kubelik will leave for this country today to begin an American tour. His first concert will be on Sunday, November 10, in New York.

The High School Art Exhibit.

The High school faculty and students are realizing quite a neat sum from their art display on Ohio street. The morning attendance is not large, but in the afternoon, toward the supper hour, quite a number of visitors enter the place. The exhibit will be open tonight.

TO BEGIN RETRENCHING

PENNSYLVANIA RAILROAD DECIDES TO INAUGURATE ECONOMIC POLICY IN 1908.

DECLARES SUBSTANTIAL DIVIDEND

Statement of President Shows That the Earnings This Year Exceed Those of Last by a Big Percentage.

Philadelphia, Nov. 1.—Declaring that the outlook for raising new capital next year is unsatisfactory, the directors of the Pennsylvania Railroad Co., today decided to retrench, and after their meeting, at which they declared a 3 1/2 per cent dividend, gave out the statement that economy would be the policy of the great corporation during 1908.

This announcement came as a surprise, in view of the statement issued from President McCrea's office Wednesday, in which he said that the earnings of the company were 11 per cent greater at this time than at the same period last year.

TO SELL RACE TRACK

Kansas City Jockey Club Had Receiver Appointed Today.

Kansas City, Nov. 1.—Upon petition of Edward Corrigan, of Chicago, and George Witt, of Memphis, principal stockholders, the federal court here today appointed James F. Halpin, of Kansas City, receiver for the Kansas City Jockey Club and Fair association. The court ordered the sale of the track, which is valued at \$400,000 and considered one of the finest in the country, the division of the proceeds to go among the stockholders.

There has practically been no racing held at the track since the enactment of the Missouri anti-pool selling law.

BOTH BADLY WOUNDED

Springfield Couple Found Dying in Room—Claims Suicide Pact.

Springfield, Mo., Nov. 1.—Mr. and Mrs. A. M. Kirwan, of this city, were found in their room at a local hotel this morning apparently dying from bullet wounds in their breasts. The couple was married last June. Kirwan is 26 years old and his wife 18. Kirwan recovered sufficiently to tell the physicians that he and his wife had decided to kill themselves, but he did not give the reason for the suicide pact.

Closed Its Doors.

Grand Island, Neb., Nov. 1.—The Commercial State bank, of this city, with deposits of \$350,000, closed its doors this morning.

Fifty thousand dollars of its funds were in the First National bank of Chariton, Iowa, whose cashier committed suicide yesterday. Other local banks will assist the Commercial and receivers will probably not be appointed.

The Ladies' Society Met.

The Ladies' Aid society of the Oak Grove church met at the home of Mr. and Mrs. Pearl Romig yesterday and spent the day quilting. At the noon hour a sumptuous dinner was served by Mrs. Romig. Among those who attended from the city were Mrs. W. H. Boult and Mrs. W. S. Reid and little son, James. Mrs. Boult recited for the ladies, her effort being greatly appreciated.

HE'S SLASHER OF WOMEN

HAS BEEN OPERATING IN LOUISVILLE WITH TELLING EFFECT.

MRS. JAS. HOWARD'S EXPERIENCE

The Suspect Is Believed to Be John Brady, Recently Released in St. Louis for Series of Similar Crimes.

Louisville, Ky., Nov. 1.—A description of the "Jack the Slasher," who terrorized St. Louis last year, mainly twenty-five young women before his capture, has been sent to Chief of Police Haager by the St. Louis authorities, and it is the belief of the officials that he is the same man who has been operating in this city. The photograph received by Chief Haager was shown to Miss Lois Newman and Miss Jessie Lloyd, two of the victims, and both expressed the belief that it was the man who stabbed them.

The man arrested in St. Louis was known as John Brady, alias Fred Sulky, and was released from prison in that city October 1. It was shortly after this date that Miss Lloyd, the first victim, was assaulted in this city. Mrs. James Howard, wife of the alleged slayer of William Goebel, is the latest victim of an attempted assault. The scene of the encounter, Fourth avenue, is the neighborhood of the attack on Miss Newman.

At 1:20 o'clock in the morning Mrs. Howard awakened to find herself in the grasp of a man, and when she attempted to scream she was commanded to be quiet.

Mrs. Howard resisted the attack and struck a match, when the man released his hold and fled. The scene was witnessed by Miss Ella Hughes, who occupied the room with Mrs. Howard.

Stabber Is Missing.

St. Louis, Mo., Nov. 1.—The St. Louis police believe that the stabber now operating in Louisville is none other than John Lawrence Brady, the St. Louis stabber, who about two years ago slashed nearly a score of women on the streets of this city.

Brady has been at liberty two weeks, and his mother says she does not know where he is. Beyond this there is nothing to connect him with the Louisville attacks, except the descriptions tally in a general way. Chief of Police Haager, of Louisville, asked Chief Creevy here for a photograph and minute description, which were forwarded.

BAPTISTE NOT "IN IT"

Physical Culture Expert Has Poor Luck With Ordeman.

Lou Baptiste, the Sedalia physical culture expert, essayed to linger fifteen minutes with Henry Ordeman at the Century last night and thereby get some easy money, says the Kansas City Post. Lou had had luck, however, and got the worst whalloping that has been seen for some time. The way that Ordeman sailed into the physical "torture" exponent was highly gratifying to the management, which was on the lookout for the twenty-five bones. Baptiste has been touted as some grappler, but he failed to show class with the "coming champion." According to the dope Ordeman can now be hailed as a "C. C." Baptiste stayed two minutes with Hackenschmidt and four minutes with Ordeman. Therefore, according to the figures, Ordeman has a chance. Quod erat, as our esteemed contemporary, Euclid, was wont to say.

RAMSEY MUST SETTLE

Verdict of \$595,000 Rendered Against Former President of Wabash.

New York, Nov. 1.—A verdict of \$589,000 against Joseph Ramsey, Jr., former president of the Wabash railroad, in a suit brought by John S. Jones, a financier and coal land operator, was handed down by the state supreme court here today.

BAILEY HIS OWN WORST ENEMY.

Bayley, of Texas, wants to fight

every Texan who disagrees with him.

He has plenty of enemies to keep

him busy. It hurts him to realize, as

he does, that the popular Bailey of a

few years ago has gone never to re-

turn.

Of course Bailey blames his ene-

mies for the descent from the once

proud preeminence which he occu-

pled in the admiration and affection

of the democracy in the Lone Star

state and of the nation, but in reality

Bayley is the power that pulled Bailey

down. His affiliations were of a

character contradictory to the posi-

tion and the patriotic requirements

and responsibilities of senatorial po-

sition. His debasement of the office

by devoting considerable of his time

and talents to looking after the inter-

ests of corporations whose rapacity

and questionable practices the United

States government is bending every

energy to put in curb, caused his

friends and admirers not in Texas

alone but all over the country to re-

verse their high opinion of his worth

and work and also to doubt his abili-

ty ever again to recover his lost

prestige and influence as a publicist

and statesman.

The fact that Bailey cannot possess

himself when nagged, as he has been,

by the press and the people, and the

further fact that he rushes headlong

into all sorts of embroilments with

those who desire his political un-

doing, only serve to bring out the de-

fects in the man's mental and moral

makeup.

A strong man does not take up a

quarrel with every petty critic or

enemy that assails him. Bailey does

this, and in so doing proclaims his

unfitness for high and dignified po-

sition and service.

Bayley is Bailey's most potent en-

emy.—Springfield Republican.

TO PUNISH RICH THIEVES.

Ludwig Nissen, chairman of the

Diamond Importers' association cus-

tom committee, says smuggling by

rich people who visit Europe has

assumed colossal proportions. He

declares that as much jewelry and

precious stones are smuggled every

year as is brought in legitimately.

The value of the latter class is be-

tween \$2,000,000 and \$4,000,000.

Malden Lane importers are starting

a movement to have smugglers pun-

ished more severely. Too much leni-

ency is now extended to smugglers

caught. It is a sad commentary on

the republican customs officers, the

federal courts and the wealthy tour-

ist class of Americans, who are gen-

erally supporters of the present ad-

ministration.

MANUAL TRAINING IN SCHOOLS.

The spread of the movement for

manual training in the public schools

is unquestionably a good thing for

the schools themselves and for the

pupils. There has been too much in

the past of rigid and prolonged men-

tal development. Until the manual

training school made its advent, the

most conspicuous attribute of the

high school, and often the college,

graduate, was his dependence—his

complete lack of preparation for any

avocation to which he might apply

himself, earn money and make him-

self self-sustaining. After spending

twelve, or eighteen years in securing

an education he was at sea as to

where or how to begin remunerative

work. If his parents were willing

and able to help him until he "got

a start" his comparative helplessness

did not need to trouble him, but if

he was thrown on his own resources

it troubled him a lot. The introduc-

tion of manual training has been

wonderfully effective in removing

this fault of public schooling and in

supplying the defect. It turns out

self-reliant, self-supporting young

men and women—the kind that are

certain to succeed, and succeed rap-

idly. The public schools can do

nothing better than to adopt manual

training. It is the great need of the

day. It will increase the worth of

the school to the scholar and to the

state many fold.

Mr. Bryan was greeted by a large

audience in New York and made one

of his finest efforts. He modified his

general attack upon the great news-

papers of the country by saying

"some, not all," of the owners em-

ploy brilliant editors to chloroform

their readers while they pick their

pockets. Could Mr. Bryan have had

In railroading there now seems to

be a difference between the old

plan to charge "all the traffic will

bar" and the new plan of charging

only "what the public will bear" and

this improvement is only due to

state laws and not national legisla-

tion.

Often The Kidneys Are

Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood

It used to be considered that only

urinary and bladder troubles were to

be traced to the kidneys,

but now modern

science proves that

nearly all diseases

have their beginning

in the disorder of

these most important

organs.

The kidneys filter

and purify the blood—

that is their work.

Therefore, when your kidneys are weak

or out of order, you can understand how

quickly your entire body is affected and

how every organ seems to fail to do its

duty.

If you are sick or "feel badly," begin

taking the great kidney remedy, Dr.

Kilmer's Swamp-Root, because as soon

as your kidneys are well they will help

all the other organs to health. A trial

will convince anyone.

If you are sick you can make no mis-

take by first doctoring your kidneys.

The mild and the extraordinary effect of

Dr. Kilmer's Swamp-Root, the great

kidney remedy, is soon realized. It

stands the highest for its wonderful cures

of the most distressing cases, and is sold

on its merits by all

druggists in fifty-cent

and one-dollar size

bottles. You may

have a sample bottle of Swamp-Root

by mail free, also a pamphlet telling you

how to find out if you have kidney or

bladder trouble. Mention this paper

when writing to Dr. Kilmer & Co., Bing-

hamton, N. Y. Don't make any mistake,

but remember the name, Swamp-Root,

Dr. Kilmer's Swamp-Root, and the ad-

dress, Poughkeepsie, N. Y., on every bottle.

joyed by all. At a late hour refresh-

ments were served and all returned

Special to the Democrat-Sentinel.

New York, Nov. 1.—New York

fight fans will go to New Haven to

day in large numbers, attracted by

the ten-round international contest

between Johnny Summers, the clever

English boxer, and Bert Keyes, the

sturdy Philadelphia fighter, which

will be decided before the Englewood

Athletic club in the Connecticut city

tonight.

A special train has been chartered

by the New York contingent, and

owing to the interest aroused in the

battle, it is likely that fully 500 fans

from the metropolis will be at the

ring side. Both lads have been train-

ing hard for the mill, the English-

man doing his work at New Dorp,

NEW KIND OF INSURANCE

IT BECAME EFFECTIVE IN THE STATE OF MASSACHUSETTS TODAY.

MANY SAVINGS BANKS INDOSE IT

In the Plan Adopted in the Bay State Proves Successful It Will Mark the Beginning of a Wide-spread Movement.

Special to the Democrat-Sentinel.

Boston, Nov. 1.—With the design of benefitting wage earners, an act believed by many of its advocates to be the most important single measure passed by the legislature of any state this year becomes effective today. By the enactment of this measure, which has been taken advantage of by many savings banks, the Massachusetts legislature has accomplished a novel thing, at least so far as the western world is concerned, in permitting the establishment of a new type of life insurance.

On and after today the wage earner of the Bay state who wants protection for his family through one of the policies of the type known as the "industrial"—that is, whose premiums are payable at frequent intervals—will be able to exercise a choice.

Henceforth there will be competition between two different life insurance systems. The workingman may, on the one hand, yield to the blandishments of an agent to take out a policy in one of the insurance companies which do an industrial business and which will keep a collector perpetually at his heels to gather the premiums as they fall due. He may, on the other hand, go to a savings and insurance bank, a new title in Massachusetts, as it is in the entire country, and arrange to take out life insurance, not exceeding \$500, with the understanding that he is voluntarily to pay his premiums once a month, without the urging of a collector. He may also buy there an annuity of a value not to exceed \$100. If he has an account at the savings bank he may arrange to have his premiums paid from that, automatically, when they fall due.

One of the greatest advantages claimed for the new system of savings insurance is, of course, its cheapness. The expense of sandbagging people into insuring their lives

The Man With Dandruff
can now be cured. He should buy a bottle of ZEMO to-day. ZEMO destroys the germ that causes the disease. Its use stops itching instantly, prevents falling hair and leaves the scalp in a clean healthy condition. All Druggists.

and collecting the premiums by a house to house canvass causes this form of insurance for the wage earner to cost from two to eight times as much as his wealthier neighbor has to pay for ordinary life insurance.

There is, assuredly, a familiar argument to the effect that the average individual will not buy a life insurance policy unless he is talked into it by an agent. Some people, however, believe that a large enough proportion of American laboring men are industrious, thrifty and far-seeing enough to do the thing they ought without being eternally nagged about it.

It is generally admitted that Massachusetts is a good state to "try out" this scheme of savings insurance, since there are few, if any, states that place as many safeguards about savings banks. The savings bank is particular, adapted to handling life insurance, since insurance is only a specialized form of savings.

The first savings bank in the United States was opened in the city of Boston ninety years ago. Massachusetts has always had the best savings communities, in proportion to population, of any of the states of the Union. The total of deposits to the credit of wage earners in this state is nearly equal to the interest bearing debt of the United States, and exceeds the assessed valuation of Maryland, Connecticut or Kentucky. This is probably due to the fact that the legislators of Massachusetts have been wise enough to understand that the savings of wage earners are more important than the millions of capitalists, and have sought to protect them in every possible way.

If the insurance plan adopted today in the Bay state proves successful, it will probably mark the beginning of a movement that will extend over the entire country. It has been condemned in certain high financial circles as "socialistic," but its adherents believe that it is better for the working men to be socialistic than to leave their families in poverty and want.

THE TRAFFIC IN GIRLS

Was Discussed at the National Purity Congress Today.

Special to the Democrat-Sentinel.

Battle Creek, Mich., Nov. 1.—Charges that the white slave trade is carried on in all American cities and that a corporation with extensive ramifications in this country, Canada and Europe exists for the purpose of importing girls for immoral purposes, were made by the white slave traffic committee of the National Purity congress, in its report presented today. Further consideration of the subject will be taken up tomorrow.

Among other subjects on today's program are race murder, purity instruction in the home and in schools and colleges and the relation of the pulpit and the medical profession to social and individual purity.

Among the speakers are Dr. Rudolph W. Holmes, of the Chicago Society of Social Hygiene; Mrs. Elizabeth B. Granniss, president of the National Christian League for the Promotion of Purity, New York; Dr. Emma F. A. Drake, of Denver; Mrs. Rose Wood-Allen Chapman, of Philadelphia, and Dr. Jerome D. Dodge, of Collinwood.

Speakers at this evening's session will include John H. Roberts, of London, representing the Alliance of Honor, an English purity organization for young men, and Mrs. Mary Church Terrell, of Washington, honorary president of the National Association of Colored Women.

CHEAP RATES TO EUROPE

Quite a Reduction in Fares Is Effective Today.

Special to the Democrat-Sentinel.

New York, Nov. 1.—Going to Europe? Now is the time, if you would take advantage of the rate war now being waged among the steamship companies engaged in trans-Atlantic traffic.

Effective today, a deep cut is made on east and west bound passages. The Cunard company put into effect reductions of \$27.50 for the Lusitania, \$32.50 for the Campania and the Lu-

cania, and reductions of from \$15 to \$30 for the other ships of the line.

The American and Red Star lines, the White Star line and the Atlantic Transport line have also put their rate under the knife, and the economical tourist can now visit the "old country" at a considerably decreased expenditure for passage.

IS WEARY OF FISH FIGHT

MR. E. H. HARRIMAN IS ANXIOUS FOR SETTLEMENT OUT OF COURT.

THE ILLINOIS CENTRAL CONTEST

Outside Influences Said to Be at Work, in the Fear That Further Press Agitation Will Do Others Injury.

Chicago, Ill., Nov. 1.—Persistent rumors that interests have united in an effort to have the Fish-Harriman fight over the control of the Illinois Central settled out of court, find many believers here.

Stuyvesant Fish, apparently holding the whip hand, sought to renew a peace footing with Vanderbilt and Golet. Stories have also come from the east to the effect that Harriman is heartily sick of the whole battle, and would be willing to accept almost any terms of peace.

One strong corroborative fact is that the Harriman forces have not yet gone into court in an effort to secure the dissolution of the injunction whereby the Union Pacific, the Railroad Securities company and the Mutual Life Insurance company are forbidden to vote 286,723 shares of stock.

Attorneys on both sides in this city denied any knowledge of a pending settlement. Harriman's lawyers here declared they were getting ready to go into court November 4 to file their appearance in the suit.

It is argued here that the Harriman interests would be extremely active in trying to dissolve the Fish injunction if there were not some restraining influence at work in the east.

The postponed annual meeting will be held December 18, and the natural inference would be that the Harriman people would be very anxious to have the injunction dissolved before that date and the decks cleared for action.

According to the information here, which is carefully guarded, it is said the proposition to settle the entire matter out of court came from interests not affiliated with either of the contesting parties and of so high a character that attention must be given them.

Harriman recently was quoted as saying that if the allegations in the Fish bill are correct and are sustained by the courts, nearly every big corporation in the United States would have to be refinanced or reorganized.

This probably gives the only clew to the outside influence that is working towards peace.

NEW LIBRARIAN SELECTED

Miss Florence Whittier Chosen to the Place Vacated by Miss Smith.

The library board held a special meeting yesterday evening at 5 o'clock, and elected Miss Florence Whittier, of Chicago, as librarian, to succeed Miss Faith Smith, recently resigned.

Miss Whittier, who arrived in the city Wednesday, accepted the position and entered immediately upon her duties.

The new librarian comes to Sedalia very highly recommended by library authorities, and brings to her position a thorough training in her particular line, as well as an education that eminently fits her for the work that she has undertaken. She is a graduate of the Leland Stanford, Jr., university, of California, and the Albany, N. Y., library school, and in addition to extensive travel abroad, has been actively connected with several large libraries of this country.

Personally, she is extremely pleasing and will, without doubt, make friends with every patron of the institution.

Amusements

NEW SEDALIA THEATER.

"A Bachelor's Honeymoon."

One of the features of the Hoyt theater success, "A Bachelor's Honeymoon," will be the magnificent gowns worn by the leading lady, Miss Grace Johnson, who appears as "Juno Joyce." has been playing in New York the past season, and before coming west had her entire wardrobe designed by a leading modiste of that city especially for this production. This feature will be of interest to the ladies who attend this performance tonight at the Sedalia theater.

"Ma's New Husband."

When you see "Ma's New Husband" at the Sedalia theater next Sunday night he will impress you as the most mirth-provoking imp of a man vr. And he is surrounded by the jolliest crowd of men and women that has ever been brought together to convulse and amuse an audience. This is no joke. If you doubt it, just stay away, and your friends will have the joke on you for the next three months or more—more is nearer the mark. Please remember, too, that "Ma's New Husband" is honest, down right, genuine amusement of the lighter kind, with more laughs in it than a man or woman's good nature can hold. In brief, it is a musical farce comedy, brimful of fun, in which some of the cleverest farces on the stage entertain you.

Charles B. Hanford's appearance in Anthony and Cleopatra at the Sedalia theater on Tuesday, No. 5, will give this popular actor an opportunity to present a character that is in district contrast to the comedy roles in which he has been seen in recent years. Mr. Hanford's experience as a classic actor has a wide range, but it is his custom to limit himself each season to a very few plays. Upon these he bestows the work and study of an entire summer, and during the regular season he is thus enabled to present them with the exactitude and completeness of detail possible only through close and protracted attention. The splendid opportunity for scenic embellishment in Anthony and Cleopatra has been utilized to the utmost. New and novel electrical effects will be introduced. The company, which will be both large and efficient, will include a chorus and ballet.

Sedalia Pitcher Looks Good.

Harry Suter, of Sedalia, who will be in Washington next year, is, in my opinion, the pitching prize of the year. Like Bailey and Farriss, Cautillon's capture is a southpaw. He was not in shape early in the season, and his record suffered by his showing in the April and May games in which he worked, but when he did round to, he had Texas' best batsmen faded. We had other good pitchers, but Suter had a shade on all his rivals.—St. Louis Sporting News, October 31.

One or two well advanced cases of consumption in Sedalia, which had baffled the skill of local physicians, have been entirely cured with Dr. Camp's Inhalatorium Cabinet treatments.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head of these early colds. That's surely better. That's why they are called Preventics. Preventics are little Gandy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child. If there is feverishness, night or day, herein probably lies Preventics' greatest efficiency. Sold in 1c boxes for the pocket, also in 2c boxes of 48 Preventics. Insist on your druggist giving you

AN ALDERMAN INDICTED

CONFESSES TO HAVING BEEN IMPLICATED IN GRAFT IN ST. LOUIS.

TELLS GRAND JURY OF BOODLING

A Bill Found Against George C. Linde After a Session That Was Held Throughout Almost the Entire Night.

St. Louis, Nov. 1.—Developments came thick and fast in the St. Louis council investigation this morning, when, after almost an all night session of the grand jury, that body indicted Councilman George C. Linde, for malfeasance in office, charging him with being interested in contracts let by the city, against the terms of the charter, which make such actions a misdemeanor.

After his indictment Linde made a clean breast of the matter, confessing his own connection with the matter and implicating several other members of the council.

It is believed wholesale indictments will follow the disclosures made by Linde, who announced his intention to resign his office.

Linde's signature upon the back of the city voucher for \$1,685 which Doye & Cahl received for renovating the house of delegates chamber last summer started the grand jury's investigation into his connection with the work. He was taken to the Four Courts at 11:20 last night by two officers. Shortly afterward he voluntarily went before the grand jury.

His father, R. A. Linde, and his brother, W. C. Linde, with three of the employees of the firm of R. A. Linde Carpet company, had been before the jury all forenoon and afternoon.

For an officer of the city to be interested in any city contract is declared to be a misdemeanor by the statutes and the efforts of the grand jury had been to learn whether Councilman Linde had been interested in this contract.

TRAINED NURSE

Writes a Letter to the People.

"To whom it May Concern: I am a trained nurse of nine years' experience in hospitals and private cases, and for the benefit of the people of Sedalia I wish you would publish my experience with the cod liver preparation, Vinol.

"I was completely prostrated from overwork. I had no appetite, could not sleep, my kidneys, liver and bowels became inactive, and as I grew weaker I could not retain either medicine or food on my stomach, and raised blood. The doctors said my condition was critical and I would probably die.

"As I had seen Vinol prescribed for my patients with such remarkable results, I decided to try it. After the first bottle I began to improve. I continued its use and soon began to sleep and eat well; every organ in my body was strengthened and became normal until it seemed good to be alive and I was restored to perfect health and strength.

"I advise all my patients who need strength, rich, red blood, and flesh tissue to take Vinol, as it is so far superior to old fashioned cod liver oil, emulsions, or other tonics." Elizabeth M. Cremond, Trained Nurse, Boston, Mass.

In Sedalia, Mo., we sell Vinol on a positive guarantee to return money if it fails. W. E. Bard Drug Co.

GREAT FOOTBALL GAME

CARLISLE INDIANS TO MEET THE PRINCETON TIGERS TOMORROW.

TO LINE UP ON THE POLO GROUNDS

One of the Greatest Aggregations of Football "Fans" Ever Gathered in the Metropolis Will Be Present.

Special to the Democrat-Sentinel.
New York, Nov. 1.—New York will be the scene of tomorrow's big football game in the east, and when Carlisle Indians and the Princeton Tigers line up for battle on the Polo grounds tomorrow they will doubtless face one of the greatest aggregations of football fans ever gathered in the metropolis.

Beyond all doubt the struggle will be one of the most exciting and interesting of the year, as both elevens are in good condition and both are playing the new game with a great deal of skill and intelligence.

Glen Warner, who coaches the red skin warriors, declares that his protégés have made rapid advancement in the last few weeks and are now showing great strength against good combinations. The Indians are very fond of football under the new rules and take to the running formations like ducks to water. Wise ones predict that in the course of a few years Carlisle will take the undisputed leadership among the football elevens of the country, and there is much to support such a belief.

There is little basis for a comparison between the relative strength of Princeton and Carlisle. At their first game of the season the Indians defeated Villa Nova by a score of 10 to 0. Later Princeton met the same institution, winning by a score of 45 to 5. Pennsylvania State, which defeated Cornell, was vanquished by the Indians to the tune of 18 to 5.

While it is possible that the eleven from Grover's town may win a victory by better team work, the Indians will at least afford the New York enthusiasts the opportunity of seeing the best drop kicker of his kind in the history of the American game. Houser is the dusky chap who has kicked his way into the affections of all football fans. The Indians are usually noted for having superior kickers, Frank Hudson having the knee, instead of slightly curving, day. Warner, the Carlisle coach, attributes the skill of the redskins in kicking to the fact that the lower part of the leg is hung straight from the knee, instead of slightly curving, as is the case with Caucasians.

Another notable player who will be seen with the Indians tomorrow is Mount Pleasant, who is playing quarter in a manner excelled by no other player in the game, and who is one of the surest catches of punts in football. He is also exceedingly fast, and it takes an uncommonly speedy back to check him when he gets a good start. Carlisle has not had a game with Princeton for a long time, and the redskins will play the game of their lives in an effort to scalp the Tigers.

Tomorrow's card at Cambridge calls for a game between Harvard and Brown University. The Providence institution has a fairly good squad this year and will tackle the Crimson with considerable confidence in their ability to hold them down to a small score. A week from tomorrow Brown will play Yale at New Haven, and the comparative scores will furnish the best available basis of comparison between the big elevens prior to the great game on Nov. 28.

Yale should have little trouble in putting the trimmings on Washington and Jefferson at New Haven tomorrow, although the latter institution has perked up a bit since it was defeated by Princeton by a score of 40 to 0. The soldiers and sailors will take on comparatively "easy marks," Colgate playing at West Point, and the University of West Virginia at Annapolis.

Other eastern games on tomorrow's card include Western University at Cornell, Vermont at Williams, Rutland at Syracuse, Villa Nova at Swathmore, and Dickinson and Pennsylvania State at Williamsport.

Football interest in the south and west will center tomorrow on the game between Michigan and Vanderbilt. This will be one of the big intersectional games of the season. While the nut-boys from Ann Arbor will invade the southland with a great deal of confidence extending from their well trained persons, it will surprise no unprejudiced onlooker if they fail to find the easy marks that some of the Michigan rosters appear to expect. When the Annapolis tars, who held Harvard down to a score of 6 to 0, could do nothing better than tie with the Vanderbilt eleven, it is not likely that Michigan will find the road to victory an easy one. Vanderbilt is likely to be the best bet on tomorrow's one horse wire.

Chicago and Minnesota will play tomorrow at Minneapolis, and the game promises to be an interesting one, although the Maroons appear to have the shade in the argument. Wisconsin will play at Iowa, and Notre Dame and Indiana are scheduled to meet in Indianapolis.

There Were 150 Guests.

One hundred and fifty people attended the Halloween party given by the Margaret Marshall Golden Links at H. W. Meuschke's home last night.

CASHIER ENDS HIS LIFE

WAS FORMERLY GRAND TREASURER OF THE MODERN WOODMEN.

HE LATER HELD ANOTHER OFFICE

It Is Believed That He Used Woodmen Funds, as He Left a Note Saying He Could Stand Strain No Longer.

Chariton, Ia., Nov. 1.—Frank Crocker, cashier of the First National Savings bank of Chariton, committed suicide yesterday. His daughter found him dead in bed. He had taken morphine.

The bank is believed to be in good shape. Worry over losses sustained in alleged use of Modern Woodmen funds is believed to have been the cause. Crocker left a note saying: "I can bear this strain no longer."

Crocker was once grand treasurer of the Modern Woodmen of America, and now holds a national office in that order. The bank has been closed, and an investigation of the books started.

National Bank Examiner H. M. Bostwick is in charge of the First National Bank of Chariton.

Before killing himself, Cashier Crocker addressed a note to Examiner Bostwick, whose visit was expected. The note explained briefly that the bank had overloaned, and requested the examiner to take immediate charge.

The bank is capitalized for \$50,000 and has a surplus of \$50,000. It carries about \$900,000 in deposits. The other banks of Chariton are entirely unaffected by the closing of the First National, and they did business all day as usual.

The Bank of Russell, a private institution, of Russell, Ia., of which Crocker was president, also closed its doors temporarily yesterday.

They Told Fortunes.

The students of Hill's Business college enjoyed a Halloween party at the school auditorium last night, the affair being for members of the school only. A phonograph furnished music, under the direction of Prof. Van Kirk. A piano solo by Fred Hammond was another interesting number. Fortune telling and masquerade charades were the principal amusements of the evening, the affair being concluded at a late hour.

POSTMASTERS ORGANIZE

Those of Virginia Meet to Form State Association.

Special to the Democrat-Sentinel.

Richmond, Va., Nov. 1.—Postmasters of first, second and third class offices throughout Virginia assembled here today to complete the organization of a state association.

The sessions will continue through tomorrow, and among the important government postal officials who are expected to deliver addresses are Gen. F. H. Hitchcock, first assistant postmaster general; T. V. McGraw, fourth assistant postmaster general; W. R. Spillman, general superintendent of rural delivery; E. H. Thorpe, superintendent of city mail delivery; Chief Postoffice Inspector Vickery; Dr. J. H. Holmes, private secretary to Postmaster General Meyer, and many others.

Delegates from other state associations, including Georgia, North Carolina and Kentucky will also address the convention.

ONLY NECESSARY TO TREAT THE STOMACH

Claim of Central Figure in Recent Controversy Is Novel.

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines. Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in 90 days.

Cooper has been travelling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

Possibly the most interesting feature of the attention this young man has attracted is what his army of followers, whom he has converted to his beliefs through his medicines, have to say on the subject. The following statements are from two well known residents of Chicago and Boston, respectively, and the enthusiasm of these is characteristic of Cooper's admirers generally.

Mrs. H. B. Mack, of 3201 State street, Chicago, says: "I have been suffering for 12 years from a combination of stomach troubles, catarrh and constipation. I had a gnawing pain in the pit of my stomach, a sort of dull pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat, and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me."

Mr. Edwin F. Morse, of 29 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicines, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; every thing seems to taste good. Anyone who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of."

We sell Mr. Cooper's medicines, and find them to be all he claims.—W. E. Bard.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

"If you want to keep your little half curtains down," said the bachelor girl, "put shot in them. Either make little bags of it and put them in the bottom hem or put a lot of shot in loose. That's the way they keep the little curtains down in all the bath-rooms of the big hotels these days."

Pittsburg Doctors Plan to Brighten Minds Affected by Physical Ailments, Says a Dispatch.

Pittsburg, Nov. 1.—Surgery may be resorted to by brightening the minds of backward pupils in the Pittsburg public schools.

It is proposed to have physicians perform operations on pupils who are behind in their lessons and whose deficiency is found to be caused by physical ailments.

The city council will be asked to make an appropriation for the establishment of a bureau of inspection in the schools, which will order operations when physicians deem them advisable.

At the conference of the bureau of health and members of the Civic club it was decided to collect data for presentation to the council in an effort to convince the members of the advisability of the innovation.

need attention, and should have the gently curative assistance of that well-known woman's medicine, Cardui, if you wish to become thoroughly healthy. The ingredients of which Cardui is composed, have a specific influence over the womanly organs and build up the womanly strength.

They are purely vegetable, perfectly harmless, and act in a scientific manner on woman's vital energies, giving strength and renewed life-force.

Mrs. Annie Hamilton, of Stetsonville, Wis., writes: "As a result of long-continued womanly troubles, I could not sleep, eat, or stand on my feet,

without suffering most terrible distress. The doctor said I was in a critical condition and going down hill. I could not work and kept getting worse all the time. At last, I took Cardui and in two days time I was a different woman. Now I eat good, work good and feel better than I ever did before, in all my life."

DALTON BACK TO PRISON

Former: Bandit Had Been Paroled for Medical Treatment.

Topeka, Kas., Nov. 1.—Emmett Dalton, the former bandit, who has for four months been out on parole, having an injured arm treated at a Topeka hospital, returned to Lansing yesterday afternoon, unaccompanied.

His parole expired November 1, and Governor Hoch, who, it was thought, would pardon Dalton, has not returned from Washington.

It is generally believed that Dalton will be paroled as soon as Governor Hoch returns.

REGARDING RAILROADS

LIABILITY OF CARRIER FOR COMMUNICATION OF CONTAGIOUS DISEASE.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

In M. K. & T. R. Co. v. Raney, 99 Southwestern Reporter, 589, the Texas court of civil appeals decides that a railroad company is liable to a passenger for damages resulting from the wife of the passenger contracting small-pox from him after he had contracted it from the ticket agent of whom he purchased his ticket.

The court is of the opinion that the knowledge of the ticket agent that he had the small-pox at the time he sold the ticket constituted knowledge on the part of the railroad company, thus declining to follow the ruling in Long v. Railway (Kansas) 28 Pacific Reporter, 977, 15 L. R. A. 319, 13 Am. St. Rep. 291.

Company Liable for Injury.

Passes may be tabooed by our legislature, but, nevertheless, persons will occasionally be found riding on them, and in Bradburn v. Whatcom County Railway & Light company, 88 Pacific Reporter, 1020, the supreme court of Washington holds that a carrier is liable for injuries to a passenger riding on a pass in violation of law at the time of the injury, the same as it would be to a passenger paying fare; citing Buffalo, etc., R. Co. v. O'Hara, 9 American & English railroad cases, 317.

Still Another Bulletin.

E. M. Dennis, Missouri Pacific trainmaster, issued a lengthy bulletin today, requesting conductors and engineers in his territory to explain in detail the causes of delays in the running of their respective trains, where they were delayed and why.

Judging from the causes furnished for train delays by the local attaches of the Missouri Pacific, the bulletin might have been issued some time ago to very good advantage.

A "PROPOSAL PARTY"

Miss Sara Payne Was at Home to Company of Friends.

One of the most enjoyable of the Halloween entertainments was given by Miss Sara Payne at her home, Fourth and Monticau avenue, last night, when about thirty guests, each attired in ghostly garbs, assembled at the residence to participate in the amusement.

The home was beautifully decorated for the occasion, and before any guest was permitted to unmask each was required to relate some weird ghost story or pay a forfeiture for inability to do so. After several guests had related their tales they retired to another part of the residence, where they unmasked and were introduced.

A "proposal party" was the feature of the evening, each guest selecting his or her "desired" and making known the affections of their hearts on paper. This diversion in the entertainment proved quite a drawing card and furnished unbounded enjoyment.

Madame Estelle, the clairvoyant, was also there; and amid the laughter of all present related the heart-breaking, past and future, of the guests. After many other interesting amusements, the guests repaired to the dining room, where a neatly decorated table, amply spread with ham and peanut sandwiches, olives pickles, cocoa, coffee and pumpkin pie awaited them.

It was a late hour when all returned home, delighted with the evening so pleasantly spent, and voting Miss Payne and affable and able entertainer. The guests follow:

Misses Druce Kelly, Helen Goodyear, Ruth Dexter, Till Rankin, Mary Clifford, Mrs. Edna Pace, Virginia Dameron, Daisy Savory, Lenoa Garrett, Ethel Fessenden Edna Eckhoff, Grace Carman, Elsie Brown, Lillie and Goldie Brandt and Sara Payne.

Messrs Otto Hutchinson, Carson Meredith, Emmett Trader, Benjamin Stammerjohn, of Booneville; Fred Stotts, Frank Hughes, H. F. Brill, Dr. Broadbush, Will Ward, Arthur Price, Richard Carman, E. P. Neef, Mr. Baker and Arthur Payne.

Passed Counterfeit Notes.

Wahoo, Neb., Nov. 1.—Two men who have been floating spurious bank notes, drawn on the Merchants and Planters' bank of Savannah, Ga., are now in jail in this city. They have operated along the Northwestern main line from Fremont to Chadron. The notes are one and twenty dollars. The men gave their names as Alex Johnson and Thomas O'Brien.

Mr. Poteet Has Resigned.

A. E. Poteet, for five years with the Queen City Telephone Co., has resigned, to enter the employ of the Bell Telephone Co., for whom he will travel in Missouri and Kansas. His legion of friends will be glad to know that he and his esteemed family will continue to reside in Sedalia.

A Slumber Party.

Mrs. F. L. Smith entertained a company of girls at a slumber party last night at her home on East Eleventh street. Fortune telling, Halloween pranks and music furnished the evening's amusement. Delicious refreshments were served.

Notice.

We will accept bank checks and certificates in full payment for any and all goods in our store—Sedalia Piano House, 505 Ohio street. S. R. Payne, Proprietor.

Will Have Closing Out Sale.

Ira McDaniels, manager of the Deimar hotel, who has been making his home at Warsaw for some time, will hold a closing out sale there next week, and accompanied by his wife, will return to Sedalia.

The Inhalatorium Cabinet is proving an effective enemy to consumption, and with its continued use and growth will be a factor in stamping out the White Plague. This treatment is curing many cases that had baffled all other treatment.

Many People in Sedalia and Central Missouri have been cured by the Inhalatorium Cabinet treatment of lung and throat troubles, and all affections of the mucous membranes.

Makes the Mercury Climb

Alaska outside—Florida inside. When the blizzard comes it will be impossible to comfortably heat the cold rooms. Then, and during the months of "between seasons" you'll find a

PERFECTION Oil Heater

(Equipped with Smokeless Device)

just what you need to make the mercury climb. It's light enough to carry from room to room and gives direct glowing heat from every drop of fuel. Turn the wick high or low, there's no bother—no smoke—no smell—smokeless device prevents. Brass oil font holds 4 quarts burning 9 hours. Superbly finished in japan and nickel. Every heater warranted.

The Rayo Lamp makes a good companion for a long evening—brilliant, steady light—reading, sewing or fancy work doesn't tire the eyes. Made of brass, nickel plated, with latest improved central draft burner. Every lamp warranted. Write our nearest agency for descriptive circular if your dealer doesn't carry the Perfection Oil Heater or Rayo Lamp.
